

# HOW TO GET A VIRGINIA BABY BOX IN THREE SIMPLE STEPS

Posted on 21 August 2017

Hello Virginia families! You are eligible for a free Baby Box if you are a Virginia resident and are a new or expecting parent!

It takes only three simple steps:

1. Register for free online at [BabyBoxUniversity.com](http://BabyBoxUniversity.com) as a Virginia resident. Be sure to include your correct contact information, including mailing address.
2. Watch the 15-20 minute Virginia syllabus at [BabyBoxUniversity.com](http://BabyBoxUniversity.com). After taking a short quiz, you will receive a certificate of completion and then select local pick-up or shipping direct delivery of your Baby Box. Please note that local pickup at the closest distributor location is free.
3. If you select direct delivery, your Baby Box will ship to the address you provided when you registered on Baby Box University. Based on your proximity to the closest pickup site, there may be a fee accompanied with shipping. If you select local pick up for more immediate receipt, bring your Baby Box University certificate to the [closest participating distribution site](#) to collect your Baby Box.

The brands included in the Baby Boxes are also committed to the program's education mission, with every product featuring a scientifically proven baby brain-boosting activity parents can do while using the item.

All expecting parents living in Virginia are eligible to receive a Baby Box which includes newborn essentials such as [Pampers](#) Swaddlers diapers, [Pampers](#) baby wipes, [Vroom](#) activity cards from the [Bezos Family Foundation](#), [Lansinoh](#) nursing pads and nipple cream for breastfeeding mothers, onesie, waterproof tote bag and more.

We're so proud to be offering this Universal Baby Box University program to Virginia families. Thank you for your support!
